

KJ's Music Talk: Create A Music Service Experience

What can we “talk” about?

Ever since I was a teenager, I have submerged myself deeply into the world of music. With a couple of exceptions, all of my jobs have been music related. I am so grateful for and passionate about the many music-related experiences I've had and would love to share them with you! What would you like to learn about? If I have experiences and areas of training that match your musical interests, it would be my privilege to be your music teacher, assistant, or consultant!

The purpose of **Create A Music Service Experience** is to encourage you to propose a music course structured to your specific musical interests. Depending on what you want to learn about, most coursework would be done virtually, through a combination of live web meetings and e-mail. Here are a few ideas to get you thinking...

Voice Lessons / Woodwind Lessons (Flute-Clarinet-Saxophone) / Music Reading / Music Notation / Music Theory / Chord Basics / Songwriting Techniques / Audition Preparation / Song Selection / Music Business Basics / Artist or Genre discussions / Music Trivia-Online Party Hosting/ Artist Interviews

What area of music do *YOU* want to “talk” about? The sky is the limit!

(Please see the “**About Me**” section of my site to learn more about the specific areas of music that I have been involved in during my schooling and career).

Please send your suggestion(s) to me at kjmusictalk@gmail.com. Please notate “Create A Course Proposal” in the header of your e-mail. If your music topic is in an area that I have experience in, we will work together to coordinate the specifics. The cost for basic music services is \$25 for a 30-minute session or \$40 for a 60-minute session. We can decide together on the frequency of our sessions. If your suggestion involves several hours of creating documents or compiling written/recorded music, a custom price quote will be presented for consideration based on the proposal. If I don't feel that I have the experience in the area of music you would like to focus on, I will simply let you know that upon processing your proposal.

Looking forward to working with you!
